METAFLOORPHIC

Curated by Mary Wise

Change is good. What hasn't changed in the last few years? Our world has transformed us like metamorphic rocks; under pressure. Yet here we are new and better. With a new appreciation for the beautiful stones we have come to mimic, Metafloorphic explores the paradox of hard surface motifs and textures woven and tufted to create a soft surface. Take a journey and explore how terrazzo, inlaid tile and rock textures can be soft.
