Blume

Blush and crimson are blended with cream to create an ethereal hint of a flower without the stigma of being old fashioned, adding a fresh pop to stark modern spaces. Vintage-inspired florals burst from a deep moody blue background creating the dramatic appeal of Blume.

Folklore

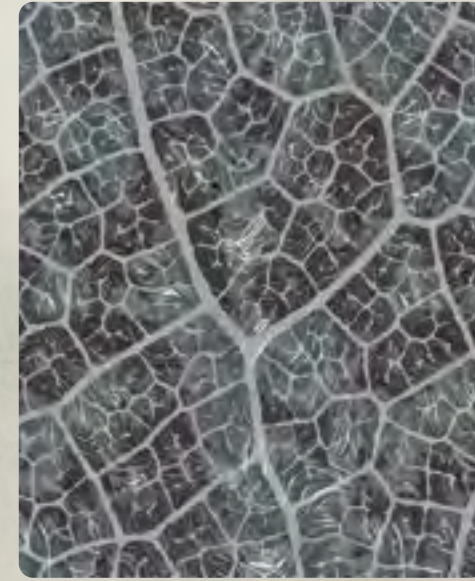

As late summer slips into fall, a new world emerges. Leaves turn shades of amber before fading and falling. The outside world dresses in cool greys, sepia tones, and persistent evergreens. Folklore evokes nostalgia of somber days that still glisten with magic.

Simple geometric shapes provide a foundation that is uncomplicated and familiar. RetroGeo takes the classic shapes of mid-century and marries them with the flirty 80s/90s Memphis style. Bright and rich colors mixed with warm tones elevates this trend to now.

Blotted

Blotted is the juxtaposition of flowing textures and erratic lines. Presented in warm neutrals with dramatic slashes of black, Blotted brings the drama. Artistic chaos draws a sense of release and breathes expressive mark-making, while channeling a modern Pollock.

INJ670

During a year in isolation, our close-knit design team found a unique way to continue inspiring and connecting with one another: we began creating postcard-sized pieces of art and mailing them to each other. Each designer took the postcard artwork they received and developed a pattern from it. In this way, the Postcard Collection was born.
